

Leadership Tips 101

June 2013

"Leaders always find a way to make things happen." John Maxwell

Take **CHARGE!**

Look in the mirror and smile.....and see an amazing person looking back at you. You really are someone special because you have accepted a leader's position in your women's group.

There was a farmer who posted this sign on the pasture fence:

***"Trespassers are welcome.
Just be sure to cross the field
in 9.9 seconds.
The bull can make it in ten!"***

*Leaders try to stay ahead
of charging bulls.*

The question is.....

"HOW DO YOU STAY AHEAD?"

★ **LEADERS USE TEAMWORK...**

"Two heads are better than one" Four heads? Eight? Join the group together and make a plan.

★ **LEADERS SHARE THE SUCCESS...**

by creating an atmosphere in which others can succeed also.

★ **LEADERS ALWAYS INVOLVE OTHERS...**

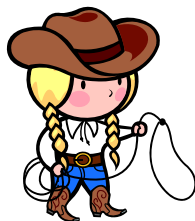

they should not be interested in self credit, but in reaching the goal.

★ **LEADERS GET DIRECTIONS...**

*by using resources, reading, attending conferences, workshops, staying current and up to date,
and making phone calls or sending emails to have questions answered.*

★ **LEADERS EMPOWER AND DO NOT COMMAND....**

by providing motivation, encouragement, inspiration and support to those they are leading.

Good leaders know that a bit of silliness can do wonders! After the meeting, unwind a little, smile a lot, and try not to worry too much about what happened. Just count your blessings and be sure to include the privilege of having a brand new beginning every day.
